These documents are cited on the enclosed PTO Form SB/08A, and in accordance with 37 CFR 1.97(c) and (e)(1) or (b)(3), Applicants hereby submit these documents for the Examiner's consideration.

Applicants also cite for the record in this application several additional references that were previously cited in United States Patent Application No. 10/260,329 filed on September 30, 2002 and relied upon in this application for an earlier filing date under 35 U.S.C. 120. While the information and references disclosed in this Information Disclosure Statement may be "material" pursuant to 37 CFR 1.56, it is

not intended to constitute an admission that any patent, publication or other information referred to therein is "prior art" for this invention unless specifically designated as such.

This statement is not to be interpreted as a representation that the cited publications are material, that an exhaustive search has been conducted, or that no other relevant information exists. Nor shall the citation of any publication herein be construed *per se* as a representation that such publications are prior art. Moreover, the Applicant understands the Examiner will make an independent evaluation of the cited publications.

This Information Disclosure Statement is filed before the mailing date of a first Office Action on the merits as far as is known to the undersigned (37 CFR 1.97(b)(3)).
